

**INDIANA STATE DEPARTMENT OF HEALTH
DIVISION OF HIV/STD
HIV COUNSELING AND TESTING SITES**

Indiana HIV counseling and testing sites provide confidential and anonymous testing for the HIV virus. There is no charge for the HIV test. A few sites may have a minimal charge for service. Please call your local site for more information (**see the following pages for sites**).

These services are provided under a grant from the Centers for Disease Control and Prevention through the Indiana State Department of Health (ISDH).

The ISDH also offers free courses in counseling or STD/HIV risk reduction. The workshops are designed to increase participants' knowledge and counseling skills in the area of HIV and other sexually transmitted disease (STD). The training focuses on developing effective, efficient and client-centered communication and counseling skills.

The course is for anyone who works with patients or clients who are at risk of becoming infected with HIV and other STD's, and would like to develop their skills in risk-assessment counseling.

**For more information regarding Free Courses in Counseling
contact 317/233-7051**

**For more information regarding HIV Counseling and Testing Sites
contact 317/233-7840**
